INSURANCE COVERAGE

Your insurer has indicated that there is some uncertainty about your insurance coverage. Most of these are covered, and the hospital will work with you, our rooms and other medical professionals to ensure you are covered. You may have received an invoice from us – this is the standard out of pocket cost that is associated with your care. This aspect is not claimable with your insurance.

We have submitted a bill for our services directly with your insurer. If there are any issues with your coverage we will discuss this with you. Often this means that you will need to pay this amount and claim it back from your insurer. There is no action you need to take on this aspect. We will chase this up with your insurer and if there are any concerns, we will discuss this with you.

MR RAYMOND YAP

GENERAL AND COLORECTAL SURGEON
